9. What will happen next?

Upon receipt of the requested information we will

- (a) Provide a quotation for the work involved
or
- (b) Inform you that your requirements can be met without any work on our system
or
- (c) Request you to provide further information so that the project can be considered in more detail

Our aim is to give you the best possible service. To help us achieve this, and in order to meet your anticipated timescale, it is essential that all requested information be returned as soon as possible.

10. Heat pumps

Please complete the accompanying ground source heat pump application form.

You also need to provide the data sheet for the heat pump.
